

FLY SAFE

**STAY CLEAR OF WILDFIRES AND
SMOKE FOR YOUR SAFETY AND THE SAFETY OF
FIRE FIGHTING AIRCRAFT**

Fire fighting aircraft operate at wildfires throughout the United States, including southern Arizona. Fire fighting aircraft fly from ground level up to several thousand feet above and around a wildfire in low visibility conditions. You can help our aerial fire fighters by remaining well clear of smoke and fires and by checking NOTAMS for fire fighting Temporary Flight Restrictions.

**To report the location of a fire contact ATC or the nearest Flight Service Station. Wildfires in southern Arizona may also be reported to the Tucson Interagency Dispatch Center at:
1-800-549-0661**
